Copy of letter No. GF. 1/228/*Re* debits dated 1st August 1957 from the Financial Adviser and Chief Accounts Officer, Southern Railways, Madras-3, to the Accountant General, Mysore, Bangalore.

Regarding :—Irregularities noticed in the credit notes issued by the Officials of the Government Departments—Rectification of.

Due to irregular preparation of the credit notes by several Government Departments considerable delay entails in billing the credit notes and realising the amounts due to railway. In very many cases bills rendered on credit notes are rejected as not due to the particular department billed for, due to incorrect adjusting departments having been shown in the credit notes.

2. With a view to render the bills correctly to the concerned departments the following instructions are required to be adhered to : —

(1) All the columns in the credit notes should be filled in correctly and legibly.

(2) It should bear the seal of the office of issue.

(3) Above all the column "Accounts officer by whom adjustable" should be filled in correctly and legibly.

3. Unless the above requirements are strictly observed by the issuing officials it is not possible to raise the debits against the correct departments.

4. Further consequent on the re-organisation of States it is also observed that certain districts which were included in one State originally have been transferred to another State.

5. It is necessary for the officer who issues the credit notes to furnish the name of the District and State invariably on the credit notes while tendering at stations to avoid un necessary correspondence to obtain the correct adjusting authority and delay in settling the accounts.

6. It is, therefore, requested that this office may be informed of the various divisions and districts which fall under the audit control of each accounting unit so that bills may be sent to the correct Accountant General's and also instruct the heads of departments under your audit control to adhere to the above intructions in order to facilitate the quick disposal of adjustments.

The receipt of this letter may please be acknowledged.
